Cooperating Reviewers

Grzegorz Bryll — University of Opole

Roman Frič — Slovak Academy of Science, Košice;
& Catholic University in Ružomberok, Slovak Republic

Roman Ger — Silesian University in Katowice

Ján Gunčaga — Catholic University in Ružomberok, Slovak Republic

Jacek Jędrzejewski

Zygfryd Kominek — Silesian University in Katowice

Mirosław Kurkowski — Cardinal Stefan Wyszyński University

Janusz Matkowski — University of Zielona Góra

Tadeusz Poreda — Łódź University of Technology

Yaroslav P'yanylo — Ukrainian National Academy of Sciences

Grażyna Rygał — Jan Długosz University in Częstochowa

Robert Sochacki — University of Opole

Marcin Szpyrka — AGH University of Science and Technology

Oleg Tikhonenko — Cardinal Stefan Wyszyński University

Szymon Wąsowicz — The University of Bielsko-Biała

Władysław Wilczyński — University of Łódź

Wacław Zawadowski — Warsaw University

Contents

Part I – Education in Mathematics

1. **J. Jędrzejewski, T. Kostrzewski** – *Vectors in School Mathematics* 9
2. **J. Jędrzejewski, K. Troczka-Pawelec** – *Angle – what kinds of angles we make use of* 15
3. **M. Ziółkowski, L. Stępień, M. R. Stępień** – *Time calculations in school* 23

Part II – Mathematics and Its Applications

1. **K. Domańska** – *On associative rational functions with multiplicative generators* 31
2. **A. Górnicka, A. Bryll** – *Some dual logic without tautologies* 39
3. **A. Górnicka, J. Grygiel, I. Tyrła** – *Sparingly glued tolerances* 49

Part III – Computer Science

1. **M. Selianinau** – *Application of modular computing technology to number normalization in floating point arithmetic* 57
2. **B. Woźna-Szcześniak, I. Szcześniak** – *SAT-based Bounded Model Checking for Timed Interpreted Systems and the RTECTLK properties* 69
3. **A. M. Zbrzezny, A. Zbrzezny** – *SMT-based reachability analysis for Simply-Timed Systems* 83
